Each of these SEC units is 12' wide and 30' deep. The owner installed a glass storefront and awning to maximize curb appeal.

These SEC units are 20' wide and 11'4" tall with a 9' wide roll-up door, 10' wide office front, and awning (supplied by others).

For more information and details on Trachte self-storage systems, please contact your regional manager at 800-356-5824.

Trachte™ Small Enterprise Center

Contractor units can be built with any roof pitch. Each unit will have one 3' x 7' swing door and a 10' x 12' roll-up door. If you would prefer a larger door, the eave height and bay size will need to increase.

The interior of each unit can be insulated, climate controlled, and wired for electricity.

For more information and details on Trachte self-storage systems, please contact your regional manager at 800-356-5824.
